

## Specification Sheet

# Securelock Smooth Tail (ST)

The SecureLock Smooth Tail (ST) is a pull-through seal with 2.3mm diameter smooth tail with metal insert, moulded in a **cold-weather polypropylene copolymer**, suitable for temperatures upto -30C.

The seal features a **high-quality moulded finish** and black labelled flag area for standard or customised marking. It is compliant with the European regulations for plastics intended to come into **contact with food**. The Secure Lock ST is available in two sizes, with **285mm** or **385mm** total lengths.

### Applications

Tote boxes / attached lid containers (ALC's), cash and mail bags, crates & boxes, airline cargo, bank applications, roll cages, and TIR cable fittings
