

# PALLET SEALS

## PRODUCT: STRAPLOCK (UVSLS)

Our Strap Lock is a pallet seal designed to secure pallet straps without any special tools. The seal combines the FG100 cable seal with an aluminium cross plate, both printed with the same serial number. Fits all popular sizes of strapping (6 - 15mm wide). Our Strap Lock is an inexpensive solution for pallet security.

### CROSSPLATE OPTIONS:

Company Name  
Serial Numbering
