

# Printed Cable Ties (UVZIP)

Our printed cable ties are available in a full range of colours, across **200, 300 & 370 x 4.8mm** sizes.

We can customise with your chosen **text marking** and **sequential numbering** here in the UK for a fast and efficient service. Printed cable ties are ideal for **identifying clinical waste bags** and sacks, moveable assets and industrial equipment. They also ideal for asset and **inspection tagging** in compliance with **health and safety regulations**, such as LOLER.

We have been supplying printed clinical waste ties to the **NHS for over 25 years**, and also offer hospital Trusts with a seal issue web database to allow a complete **audit trail** of clinical waste disposal.
